The Park Hotel Ruapehu

Region: Ruapehu

The three star Park Hotel is a new place! Under our new proprietorship along with significant renovations and upgrade, we aim to exceed guest expectations. We have fully renovated all 80 rooms to a consistent standard throughout. Rooms types have been simplified to: Queen, Twin, Queen plus Single and Family Mezzanine, Quad Mezzanine, and Super Family upstairs. A sound proofing wall has been added between every downstairs room. The shared guest kitchen has been closed and the space incorporated into the main hotel kitchen operation, the ever popular Spiral Restaurant. We've installed a dedicated pizza oven, expanded our menu and made structural alterations that have enabled us to cater effectively to both large groups and independent guests. First impressions are important. The entrance approach has been realigned, gardens replanted and the carpark resealed. The hotel lobby has also be redesigned. We've extended our secure baggage storage to accommodate those guests with a full day's activity on their checkout day. The popular and sheltered internal courtyard with its two outdoor hot tubs, garden furniture and landscaping is a great place to relax. We've removed the line of trees on the north facing boundary to increase winter sun. To complement all these big ticket items we're progressively working on those smaller, subtle items that all add up to complete the overall guest experience: fresh paint on the buildings and joinery, new guest laundry plant, a high definition projector for the conference room, restaurant enhancements and improved Tongariro Crossing Transport connections.

This includes Ziptrek's preservation of our natural landscape and protecting our native wildlife, flora and fauna as we "do our bit" towards a Predator-Free 2050. Suitable for all ages, from 10 years of age (minimum weight 20kg/44lbs) who are looking for that next level of zipline adventure.
